Smart Job Management (Now With TowBook Import!)

All Data from All Sources in One Place

- Instantly import AAA, motor clubs, and all your TowBook account jobs directly into Dolooma.
- Dynamically assign drivers, dispatchers, and trucks, automatically reconciling each job with payments.
- See comprehensive job histories, driver performance metrics, collected payments, and outstanding balances—all clearly presented in one place.

“We seamlessly enhance your TowBook workflow—jobs, payroll, payments, and audits unified.”

Powerful Features Built for Towing

Inventory & Parts Management

Track inventory seamlessly across trucks, yards, and shops. Automatically log part usage, assign costs, and link directly to jobs and payroll.

“Know exactly where parts are, their cost, and usage history—no spreadsheets required.”

One-Click Payroll with Live Calculations

Hours per payroll cycle, delivered precisely payroll in just minutes, every single time and delivered seamlessly to your payroll provider

“Payroll tasks that used to take hours are now flawlessly done in minutes.”

Employee Scheduling

Easily manage complex shift patterns, call-outs, and coverage changes, fully integrated with payroll and job tracking..

“Designed for real-world towing schedules—no more scrambling.”

Real-Time Dashboards & Reports

Complete visibility into payment statuses, ensuring nothing slips through the cracks.

“Know exactly what's owed, what's paid, and who's behind—instantly and accurately.”
